What is FEA-Retired?

FEA-Retired represents the interests of ALL education personnel in Florida. It is our state association which works to improve and strengthen the programs that affect us: retirement benefits, Medicare and Social Security. We are able to continue the benefits of a working educator. We maintain our interest and involvement in education through mentoring, volunteering and being knowledgeable about education issues.

FEA-Retired Local Presidents

If listed here, you **MUST** join the local in your area in order to be eligible for benefits.

Goals

- » To preserve and improve retirement, pension and health benefits for all retired members and future members
- » To work with active members to achieve mutual organizing, collective bargaining, legislative and political action goals
- » To attract, represent, and serve members
- » To provide members with pertinent information
- » To help active members prepare for retirement
- » To assist active locals and to build camaraderie among retired education employees
- » To formulate and support programs and other activities which will advance the best interests of retired members
- » To increase membership in FEA-Retired

Benefits
